Company activities, products and services:

ERA a.s. is a leading company in multilateration, multistatic surveillance, and reconnaissance technology. Unrivalled experience in passive surveillance sensor development provides ERA with unique know-how to deliver comprehensive solutions for air traffic control and management global markets. We develop, manufacture and implement mission-critical systems for military and civil purposes. Over last 2 decades, ERA has reached number of more than 130 installations with 24/7 operations fulfilling demanding customer requirements.

ERA has developed unique passive surveillance system VERA-NG that defines new sensor category DPET (Deployable Passive ESM Tracker) tailored for air, maritime and land target surveillance and reconnaissance for defence and electronic warfare purposes. In parallel, ERA made air traffic control history when deploying the first multilateration system and introducing gate-to-gate surveillance. We intend to continue introducing new technologies to adapt to today's and tomorrow's challenges.

We are looking for:

Clients in military as well as civil sector, partners for cooperation.

I would like to meet following partners, contacts:

Clients in military as well as civil sector, partners for cooperation.
